

The screenshot shows a mobile application interface for managing files. At the top, there is a navigation bar with a folder icon, a blue button with a white plus sign, and three icons: a folder with a plus sign, an upward arrow, and a circular refresh arrow. Below the navigation bar is a search bar with the placeholder text "Filter files by name" and a magnifying glass icon. Under the search bar, a folder icon is followed by a forward slash "/". The main content area is a table with two columns: "Name" and "Last Modified". The "Name" column has a small upward-pointing triangle to its right. The table contains four rows of data:

Name	Last Modified
 data	9 days ago
 notebooks	9 days ago
 DataScien...	16 minutes ago
 README.md	9 days ago

The third row, "DataScien...", is highlighted with a blue background. On the left side of the screen, there is a vertical sidebar with a square icon at the top and three horizontal lines below it.

# Data Science Tools and Ecosystem

In this notebook, Data Science Tools and Ecosystem are summarized.

Some of the popular languages that Data Scientists use are:

1. Python
2. R
3. SQL
4. Julia
5. SCALA
6. Java
7. JavaScript

Some of the commonly used libraries used by Data Scientists include:

1. NumPy
2. Pandas
3. Matplotlib
4. Seaborn
5. Scikit-learn
6. TensorFlow
